### BILLABONG ABSOLUTE POLY LITE JACKET 0.5-1MM

Engineered quality, the Absolute Poly Lite Wetsuit Jacket is made to maximize performance with a featherweight neoprene. The long sleeve men's wetsuit top is made from premium Recycled Superflex neoprene, a lightweight foam made partially from recycled car tires and neoprene scraps. Additional performance comes with strategically placed seams, high-end materials, and advanced construction techniques. Details include comfortable and durable flatlock seams and a short back zip for easy on/off.

#### Features:

Men's Wetsuit Top.

0.5-1mm Thickness.

Exterior Fabric: recycled Superflex.

Neoprene type: Superlight foam made from partially recycled fibers.

Interior Fabric: Silicon stretch.
