CAPTAIN FIN JEFF MCCALLUM TWIN GLASS FIN SINGLE TAB WHITE

Jeff McCallum Keel Glass (Single Tab)

Template: Drive—ideal for retro fish on fast walls.

Construction: Fiberglass

Flex: Stiff

Compatibility: Futures (Single tab)

When Jeff McCallum originally started making his twin-fin, swallowtail fish he had trouble finding a keel that fit what he was looking for. His answer became this twin-fin set that's a combination between a modern upright twin and a retro keel for the best of both worlds. The template has an elongated profile and sweep, with a wider base for smooth down the line speed and control. Originally made for glass-ons, the added cutaway makes it adaptable for Futures (single tab) and provides more release. Add in a some rake and you have a keel that works well in a variety of fish templates.
