CARVER TRITON SIGNAL 31" CX SURFSKATE

With a very versatile size and shape, the Signal is a classic Triton by Carver surfskate and ideal for all types of practices, from street surfing to a stable ride in the city.

DIMENSIONI 31" X 9.75"

7 Ply North American Hard Rock Maple
CX Raw Truck Set|Graphite 89A bushings
Roundhouse 68mm Black Mag|78A Duro
Carver Abec 7 Bearings | Red Shields
Triton Deck Pad Grip

The new collection composed of 4 models Triton by Carver takes up all the codes of surfskate thanks to its different models from short and sharp to long and carvy. Their designs with superimposed colorful graphics raise their elegant simplicity while keeping the vintage spirit of Carver surfskate.

Featuring the famous Carver CX trucks with inverted axles for a responsive and precise surfboarding feel, the series also comes with fast and grippy 68mm Carver Roundhouse wheels and a 7-ply maple deck, each the result of 25 years of commitment to inimitable design and durability.

The CX truck is a hybrid between a surfskate and a skateboard truck, it takes more angle and is lighter offering more responsiveness and grip to send short and powerful turns. This truck allows you to perform aerial tricks with excellent landing, to gain speed with control and to pump to advance like on the C7 truck thanks to its inverted axis system.
