

CBC SUSHI FISH 6'2" SOFTBOARD

Code: cbc183

€ 279,90

CBC SUSHI FISH 6'2" SOFTBOARD

A perfect board for beginners and kids.

This foam top surfboard has a 100% waterproof foam core with molded-in laminated wood stringers for structure and flexibility. It also features a polyethylene slick bottom WITH GRAPHIC and an IXPE/XPE deck skin and an attached traction pad that help with grip before you even add wax. Since the Sushi is a short board it is best for either a very small rider just learning how to surf or a bigger more advanced rider. The weight capacity is up to 175 lbs. but that may vary depending on skill level. The heavier the rider – the more skilled he or she would need to be to float and maneuver a small short board like this. The 6'2 Sushi comes with 3 surf fins and a PU surf leash.

FCS Fins compatible.
