### CREATURES GRIP MICK FANNING LITE ECOPURE CEMENT BIO

The Mick Fanning EcoPure® Lite Signature traction pad is the 3x World Champs go-to pad when weight matters. Constructed with ultra-lightweight THERMO-LITE texture upon the Square Loc traction pattern for extra grip and response.

We want to reduce the impact our designs have on the environment. That's why Creatures teamed up with Bio-Tec Environmental to deliver traction that offers lasting EVA performance, which breaks down in landfill at the end of your board's life. Always packed in recyclable, biodegradable materials.
