

## FCS II HARLEY SINGLE FIN 5.5"

Code: FHAR-PC03-LB-55-R

€ 59,90

**FCS**

### FCS II HARLEY SINGLE FIN 5.5"

World Longboard Champion Harley Ingleby's Athlete Fin.

Small single fin adds more tail release to longer boards.

Ideal for performance longboards, surf SUP's, and 2+1 set-ups.

Designed to be used with the FCS II Fin System.

#### Ideal Conditions

A wide range of conditions from beach breaks to point breaks.

#### Performance Glass

Performance Glass (PG) fins are machine cut from layers of solid fiberglass. These fins are stiff, and are widely used by pro level surfers because the integrity of the flex is maintained under immense force, and in the most extreme of conditions and situations.

Performance Core (PC) fins are made using a multi-layered resin transfer moulding process. The flex pattern in PC fins extends progressively from the base through to the tip, helping the surfer to maintain drive and hold through a turn. This versatile fin material is light and can be used in a variety of different conditions.

#### The FCS II Tool-Less Longboard System

No need for a plate and screw.
