FCS

FCS II PERFORMER NEO GLASS ECO BLEND TRI FIN SET MANGO

The Performer template in Neo Glass Eco offers a balance of speed, flow and response and is suitable for all conditions.

Overview

Constructed with 50% glass and bio-resin, the Neo Glass Eco Performer has a low impact construction with high impact performance that's recommended for lighter more agile surfers. The Performer template in Neo Glass Eco offers a balance of speed, flow and response and is suitable for all conditions.

Designed for a balance of speed, flow & response.

Well proportioned template with Inside Foil Technology (IFT).

Ideal for surfers who want a reliable 'All Round' fin delivering a combination of speed and maneuverability with flow between turns.

Ideal Conditions

A wide range of conditions from beach breaks to point breaks.

Board Types

Designed to fit the FCS II Fin System.

Recommended for all board types.

Performer: Find Balance. A balance of speed, flow & response.

Neo Eco

About Eco Blend

At FCS, we've made it our mission to minimise our footprint by designing high quality products that use low impact, sustainable materials. Constructed with 50% glass and bio-resin, the Neo Glass Eco Blend range has a low impact construction with high impact performance that's recommended for lighter more agile surfers. The new range also sees reduced use of fossil fuels and a smaller carbon footprint than traditional materials.

Sustainability & Community

Our Eco Resin is created by Arkema, a founding member of Pragati, the sustainable castor initiative. Pragati trains farmers to build capacity, improve yields, and reduce environmental impacts, thus helping them to cultivate castor beans effectively and ecologically. The initiative also provides educational materials to improve the skills and knowledge of the local farmers, improve their income, and ensure better health and living conditions.
