

## FCS M5 TRI FIN SET GLASS FLEX M

Code: 1167-165-00-R

€ 45,00

**FCS**

### FCS M5 TRI FIN SET GLASS FLEX M

NATURAL GLASS FLEX SERIES Set of three fins in the composite resin 60% 40% nylon. Good Flex. Rigid base

#### FCS M5

Fin made of composite resin, 60%, 40% nylon, with engineering flex, rigid base and higher peak response.

Size M: for body types with a weight range of 65-80kg

The Glass Flex has been formulated to increase the flexibility and properties of memory than fiberglass fins. Its advantages compared to other composite materials are the stiffness of the fin, a response of better flexibility (a good flexibility in the tip, base less flexible) and a useful memory effect. The precision of the manufacturing process ensures the highest accuracy in geometry in each fin produced.

The price includes a set of 3 FCS fins with Key included

#### DIMENSIONI

Base: 4.37" / 111mm

Depth: 4.55" / 115mm

Area: 14.76"² / 9525mm²

Sweep: 33°

Foil: IFT
