

## FIREWIRE LONG RIDER MID LENGTH HELIUM CORE FUTURES FINS

Code: HLRD-WHI

€ 919,00

### FIREWIRE LONG RIDER MID LENGTH HELIUM CORE FUTURES FINS

A fast-paddling, easy-riding performance midlength that will have you making the most out of every day, whether you're beginner, intermediate, or advanced.

The Long Rider is a highly versatile, very easy to surf midlength that performs equally as well for beginners and experienced surfers alike. With volume generously hidden throughout the foil and outline, the Long Rider catches waves as easily as the longboard you learned to surf on, but talented surfers will find this shape can hold the rail in tight angles as well as their favorite shortboard.

Whether you're looking to cruise on smaller days or take on head-high sets, this midlength surfboard has you covered.

Recommended with our Firewire Velox Fin Set in the Quad configuration, for the best experience.

### DIMENSIONS

6'10" X 21 1/2 X 2 5/8 X 42.59

7' X 21 5/8 X 2 3/4 X 46

7'2" X 22 " X 2 7/8" X 50.8

7'4" X 22 1/2 X 2 7/8 X 52

### Wave Type

The Long Rider excels in anything from ankle-high to overhead - flat faces, round faces, and everything in-between. Whether you're looking to cruise on smaller days or take on head-high sets, this midlength surfboard has you covered.

### Board Features

The Long Rider is a highly versatile midlength shape, due to the volume generously hidden throughout the foil and outline. This volume helps you paddle and catch waves easily, while the rails and tail offer all the performance you'll need to bring this
