

FIREWIRE MASHUP ROB MACHADO DAN MANN FUTURES FINS

Code: HMSH FUT

€ 855,00

FIREWIRE MASHUP ROB MACHADO DAN MANN SURFBOARDS FUTURES FINS
Two minds combined.

Rob Machado and Dan Mann have created the Mashup: A melding of each of their most popular designs; the Seaside and the Spitfire.

Both board designers have spent time mixing and matching their favorite elements of each shape, and they've landed at something that goes fast in weak waves as well as a Seaside, and also drives vertically in good waves as well as the Spitfire.

The Mashup is the ultimate groveler. And the ultimate everyday board as well.

Built in Helium Technology, it's one of our absolute favourite boards for 2022.
