FIREWIRE SEASIDE & BEYOND HELIUM MACHADO SURFBOARDS FUTURES FINS

I've really been wanting to play around with some longer shy kind of boards for a while now... Ever since I spent some time with skip frye and he showed me some of his shes in the 7 foot range It's been on my mind. I first stretched out the GO FISH and made a 7 footer. It worked great and really got my mind spinning. Then I made a 7'0 seaside and it became one of my favorite boards in my quiver. I rode it in everything. Super small days, bigger days and everything in between. It's become a board that I will take with me everywhere I go. It glides. It turns on a dime and most importantly... it puts a smile on my face.
