FIREWIRE WAIKIKI 9'2" LONGBOARD THUNDERBOLT

9'2" X 22 1/2" X 2 3/4" X 69.6L

The WAIKIKI is a perfectly traditional log with a single fin set up. It's a must for your quiver, and everyone should feel what's like to ride one.

True to tradition it has very round fifty fifty rails all the way through the nose concave.

To me the WAIKIKI is the type of board that is made to surf with grace and style, smoothly and slowly. This board really represents everything that Waikiki represents, honestly.

It reminds me of ukuleles, hula dancers, old footage of diamond head in the background from the 60's. All that stuff.

The WAIKIKI is everything a traditional longboard should be

Fiberglass Hand Lamination

Carbon Flex Pattern Technology

Classic Feel with Enhanced Response

Hand-Crafted
