FUTURES FINS MACHADO TWIN +1

The Rasta Twin was developed to compliment Dave Rastovich's classic surfing style. Similar in size to the T1, the Rasta Twin has a unique leading edge that allows smooth rail to rail transitions. The addition of Carbon Fiber and Jute to the honeycomb construction, maintains the fins longevity while allowing a responsive flex pattern. The upright design and Speed Generating foil will bring an added level of performance to any Twin + 1 board.

Futures Fin Key included

SIDE FINS

HEIGHT: 5.14"

BASE: 4.60"

AREA: 19.76"

FOIL: V2

CENTER FIN:

HEIGHT: 3.26"

BASE: 3.618"

AREA: 7.91"

FOIL: SYMM

V2 FOIL

A V2 Foil is a V. Foil and Flat Foil blend. It takes the best speed generating attributes of the V. (at the base) and transitions into a flat foil in the tip for a controlled release in critical turns. Try the V2 foil if you are transitioning from flat sided fins. The benefits of the V. foil base will be noticeable but the change for your muscle memory will not be too drastic.
