FUTURES MAYHEM LOST 6.25 SINGLE FIN BASE TRAILER

Single Fin Set

The Evil Twin by ...Lost Surfboards is a free thinking, transformational toy for the post-modern retro surf world. A fully convertible mash up between Twin fin flamboyance and Single fin flair.

We worked with ...Lost to develop the 6.25" performance "Sinister-Single" Fin specifically for their Evil Twin model. Use them in conjunction with any one of Futures' Side-Bite options, to create the ultimate transformational fun machine... and expand your horizons beyond your wildest dreams.
