HAYDENSHPES MID LENGTH GLIDER PU FUTURES 2+1 DUST

The Mid Length Glider has been tuned to bring a balanced gliding feel to any conditions. It has refined neutral rails with a rolled entry flowing into a slight double vee out the tail.

"This style of shape was a request from Craig earlier in 2020, to surf in average waves - as well as on the bigger days whilst being stuck at home. Its flatter rocker makes it a really great paddler; able to catch almost anything" - Hayden
