HURLEY ADVANT 2MM SPRINGSUIT BLACK

The Hurley Advant 2mm neoprene provides the sustainable warmth and Exoflex stretch of a classic midseason suit, with a front zip for customised comfort. Crafted from premium Japanese limestone-based recycled neoprene for a premium feel and fit. The wetsuit liners and elastic band are dyed using a unique energy and water efficient process that are strategically placed to add durability when you need it. Designed with insight from the world's top surfers and scientists at California State University San Marcos (USA) to ensure your durability in the water without sacrificing comfort and flexibility.

Performance fit

80% Neoprene / 20% Nylon.

Zip long sleeve springsuit.
