Trucks Independent 144 Stage 11 Mid New construction with more space for grinds and increased durability overall, improved cornering.

Recommended on boards ranging from 8.0" to 8.5";

Born in 1978 in San Francisco, the Independent has quickly become the best-selling truck in the world. Since then, "Indy" has been referred to as the gold standard by which all skateboard trucks are measured. Available in a myriad of sizes, profiles, constructions and materials, Independent trucks stand out for their responsive and functional steering that never betrays a step. Ride the Best, Fuck the Rest.
