ION ONYX CORE STEAMER 2/2 DL WETSUIT FRONT ZIP

Onyx Core wetsuits are more than just basic all-rounders. The single-lined back panel allows freedom of movement where needed, whilst Hot_Stuff 2.0 provides warmth and quick drying. In spots without thermo lining, super soft Silk_Stuff increases next-to-skin comfort to the max. The front zip version makes sure there's nothing to interfere with your paddle power. Highly durable nylon in the leg and torso area make the Strike Core a very robust companion for your adventures.

Super Flex: Great overall range of movement, especially in the arms and legs.

Warm: Hot_Stuff lining and Water_Gate_Plus construction.

Robust: Supra_Tex knee protection and durable nylon to protect the suit from wear and tear.

AQUA-? TM

All ION Wetsuits use the new Aqua-? TM technology. Aqua-? TM is a solvent-free and completely water-based glue. We also use dope dye, which is great for the workers at the factory as there is nearly no bad smell from the glue. The difference is huge. A good step for the people behind all the great wetsuits! [Aqua-? TM
