ION SEEK CORE 5/4 WETSUIT BACKZIP

The Seek Core 5/4 Back Zip offers premium performance for an affordable price. We've upgraded this allrounder with Plasma_Plush thermo lining throughout the back area for increased warmth. In spots without thermal lining, super soft Silk_Stuff increases next-to-skin comfort to the max. Reinforced & sealed seams make the Seek Core a very robust companion for your adventures. All Seek Core Backzip wetsuits feature protection pads at the shins. On top, you can attach the Leg_loops to velcro to prevent water from rushing into the suit.

WARM: Hot_Stuff 2.0 ensures no limitation in stretch and keeps you warm at the same time.

STRETCH: A smart use of fabrics will make sure this suit will give you good times on the water.

SEAM SEALING: Improved version of highly elastic neoprene tape securing every inch of lower body seams and highly stressed cuff area.

PRICE VALUE: Entry-level suits don't have to be boring!

HOT_STUFF 2.0: The Hot_Stuff 2.0 comes with a plushier feel due to larger loops that trap more air for heat insulation. It is the stretchiest thermo lining in ION's entire range.

SILK_STUFF: Smooth inside lining for a comfortable feeling on bare skin. Despite its snuggly appearance it proves to be really hard core when it comes to the interior's superb flexible characteristics.

MAKI_TAPE: Highly elastic neoprene tape reinforces the seams on the lower body and commonly stressed cuff area from the inside.

SWEEP_CUT: Seam-free shoulder design for increased paddle reach and shoulder rotation.
