ION WETSUIT STRIKE AMP SEMIDRY 4/3 FRONTZIP

The Amp level represents exceptional performance especially in terms of elasticity.

In addition, ION's brand new and incredibly flexible Hotstuff 2.0 inner lining in combination with the warm and warm Plasma Plush on the back ensures an optimal level of heat retention and flexibility.

Maki Tape 2.0 for great flexibility supports Ninja Knee construction and other seams. In addition, the Ninja Spine allows for greater freedom of movement especially for the upper body!

TARGET GROUP

Featuring a slightly wider cut specifically designed for rugged wind water sports athletes looking for a wetsuit that meets their ambitious demands for performance, stretch and freedom of movement.

MAIN FEATURES

Toasty Warm: Quick-drying Plasma Plush combined with Hot Stuff 2.0 for the best combination of warmth and elasticity.

Epic Stretch: Limitless movement thanks to fewer panels and our more elastic Hot Stuff 2.0 lining.

Maki Tape 2.0: GBS Seams and tapes only where needed to maintain the great flex.

Protection: Crash Padz makes sure you are protected where needed.
