ION TRANSITION TEC LONG JOHN 2.5

The sleeveless ION neoprene collection is the perfect solution for those days during seasonal transitions. Thin and quick-drying neoprene minimizes the wind-chill yet still guarantees maximum flex. Furthermore, these suits are the first choice in heat and sweat regulation for active riders.

TARGET GROUP

The all-rounder with a classic tight fit for all water sports athletes looking for a durable wetsuit with a good performance at a highly competitive price.

21°C - 26°C 70°F - 79°F
