ION's Element level represents a premium all-rounder wetsuit guaranteed to deliver a lot of bang for your buck! Offering comfort and protection in all the right places, it's the perfect entry-level suit for keen watermen. Supple, stretchy and robust, it also includes many features from the more technical end of the range: Silk_Stuff inside lining on the upper body provides a comfortable fit and good stretch in the shoulder area. Hot_Stuff 2.0 – ION's stretchiest thermo lining – improves warmth, flexibility, and comfort even further.

Nylon and Supra_Tex protection.

PRICE VALUE: Entry-level suits don't have to be boring!

HOT_STUFF 2.0: The Hot_Stuff 2.0 comes with a plushier feel due to larger loops that trap more air for heat insulation. It is the stretchiest thermo lining in ION's entire range.

SILK_STUFF: Smooth inside lining for a comfortable feeling on bare skin. Despite its snugly appearance it proves to be really hard core when it comes to the interior's superb flexible characteristics.

SEAM_REINFORCEMENTS: All stress points are reinforced and secured by melco tape from the inside to ensure a longer lifespan of the seams.

DRAIN_HOLES: Quick water release when needed in order to combat water accumulation inside the wetsuit. The Drain_Holes are secured in place from the inside and won't expand.
