Introducing the TABI, named for the boots of light-footed Japanese warriors, is crafted of Matuse's limestone-based Geoflex with our new proprietary Hydrasilk material - silky smooth to repel water.

The Tabi features strategic perforations and dual rubber in the footbed replicate that barefoot feel. Internal bridged split-toe offers the comforts of a round-toe but the locking bed of a split design for less drag and more foot stability.

SIZING: Booties sold in whole sizes. If you're in a half size we recommend sizing down.
