

OCEAN & EARTH DAKODA FRONT PRO PAD 5 PIECE BLACK

Code: TP65

€ 59,90

OCEAN & EARTH DAKODA CENTRE PAD 5 PIECE BLACK

A throw back to the surfing inspired from the 80's and 90's when full coverage was the norm. Kodes's surfing is lightning fast and he spends most of his time above the lip. Lightweight and thin multi-directional brushed corduroy- minimises rashing, maximises sensitivity between foot and board. When paired together the tail pad and centre deck offers over 1m of spreadable traction

SUPA-THIN 3MM BASE

The thinnest base available, without compromising strength or adhesion. Added perforation and slotted grooves reduces weight further.

Length: 700mm

Width: 380mm (unspread)

Pieces: 5

Arch: N/A

Groove: Flat Brushed

MULTI DIRECTIONAL GROOVE

Diamond square on the sides to lock your toes and heel in and brushed corduroy on centre piece with slotted grooves on all three pieces to minimise weight.

WATERPROOF EVA

Developed to improve all round performance in our technical grips. CC55 Closed Cell EVA is lighter, waterproof and super thin.

SUPERIOR ADHESIVE BACKING

4A high grade adhesive formula, developed for EVA offers maximum, long lasting adhesion.

CC55 EVA

O&E's unique CC55 is a closed cell EVA formula which has been developed to be UV stabilised, water resistant, super grippy, extremely thin and light weight. The addition of purposely positioned perforation and slots also reduces weight and adds extra grip for toes to grip onto resulting in MORE DRIVE, GRIP, PRECISION
