POWELL PERALTA 8.375" SIDEWALK SURFER NATURAL CHECKER RIPPER BIRCH

The Powell-Peralta Sidewalk Surfer is the ultimate in cruise-ability and pure fun. Based on the shape and look of a surfboard, this complete carves, turns, and rolls in a way that lets you truly surf the pavement. Rolling on premium 80a soft urethane wheels with the perfect blend of roll speed and traction you can link turns on your favorite bank, ditch, or urban feature, or carve it up on the streets of your commute.

With classic retro style stained wood graphics, integrated wheelwells, and just enough riser to not be too high but also totally avoid wheelbite it's the pinnacle of fun for whatever your purpose. Small enough to grab and go, but big enough to confidently skate, we're sure you'll surf the sidewalk like never before.

Available in two sizes: "185" and "285"

The 185 is bigger than our micro cruiser, but still small and portable.

The 285 is more of a full size city cruiser with more room for your feet and stability.
