QUIKSILVER MATHODIC RECOVERY SANDALS

These sandals are your go-tos, to and from the surf. Featuring a water-friendly upper strap, they're engineered with a Surf Support footbed that's anatomically molded for arch support and supreme comfort.

Water friendly fine-mold upper with engineered breathability

Finely woven nylon toe post made with regenerated ECONYL® nylon fibers

Water friendly recycled polyester jersey lining backed with memory foam for comfort

Anatomically contoured Hydro bound footbed for long lasting comfort and support

The molded Surf Support recovery clip insures your sandal will have a lasting arch foundation and heel compression

Engineered outsole with lugs for traction and flexibility and cushioning cantilever built into the heel

Composition

Upper: Synthetic, Lining: Textile, Outsole: Rubber
