REEF INFRADITO ELEMENT TQT BLACK

Hit waves. Back to beach. Open bottle. Drink up. You have so much to accomplish. The REEF Element TQT is the flip flop for enterprising beach bums. With a synthetic upper, molded footbed with arch support, a featherlight high traction outsole and a ready for anything built-in bottle opener.

Features a bottle opener built into the footbed to open your 'soda' after a surf session or hanging at the pool. We crafted this product without PVC, which means it's better on and for the environment.
