SLATER DESIGNS FRONT FOOT PAD BLACK/GREY (3 PIECE) ALGAE FOAM

Our favorite traction ever.

Ultra sensitive and extremely thin – this pad has minimal lift to keep your foot as close to the deck as possible.

Ultra-fine rectangle tread make this pad non-intrusive and natural feeling. We've sized it perfectly so that additional deck wax isn't needed, and it also fits grom shapes.

FEATURES

2.5mm thick

Rectangle tread

3M adhesive backing

BLOOM is a high-performance flexible foam made from algae biomass harvested from freshwater sources throughout the world. The BLOOM Foam process:

- Helps improve the quality of waterways by removing excess algae that harms plants, animals, and people who rely on the ecosystem for survival.
- Recirculates fresh water back into the habitat.
- Aids CO2 capture and sequestration. We're literally scraping pond scum, solar drying, and pulverizing it before foaming the material to create a pad that helps re-balance the natural ecology, and reduces our dependence on non-renewable oil.

Through this patented algae-technology, we have created a product with increased durability, improved shock absorption and reduced weight over conventional foams. The packaging is made with post-consumer backing, soy-based inks and a biodegradable wrapping.

By choosing this traction, you are helping make the world a cleaner place.
