### VANS STYLE 36 DECON SF SHOES

Tapping into our history, the Style 36 was Vans' first sidestripe style brought to life in 1977. Fast forward to today, and it's still a favourite of our athletes. Featuring deconstructed canvas and suede uppers with rubber toe caps for a fresh new take on this iconic style, the Style 36 Decon SF also includes ULTRACUSH™ Lite drop-in sockliners for elevated cushioning, lightweight and flexible single-wrap foxing tape, and durable rubber outsoles with the Vans classic waffle pattern. It is made with water-based inks and glues.

Composition: Textile, Leather, Synthetic
