VANS X NATHAN FLORENCE SURF BOOTS 2 MID 2MM

Hailing from the North Shore of Oahu, Nathan Florence has grown up with some of the world's most iconic surf breaks right outside his door. This unique environment not only shaped Nathan into the surfer he is today, but lit a fire in him to continue the hunt for challenging surf locales. This hunger for progression can only be satisfied through exploration, and for that you need the right equipment.

Every item in Nathan's collection was carefully selected to serve a purpose. It's the ultimate surf travel kit, featuring nothing but the necessities with a heightened focus on versatility and innovation, because we know that when you're lugging a board bag miles from home, the last thing you need is more stuff. For this reason, he chose the Surf Boot 2 Mid.

Designed to keep you "Off The Wall" and in the water, the Vans x Nathan Florence Surf Boot 2 Mid has been built to exceed your needs, every inch and every stitch crafted for comfort and performance in all conditions. Made with legendary Vans grip extended on the sides and toes to give unmatched control and unfiltered boardfeel at any contact point, the Surf Boot 2 Mid also includes a seamless second skin fit that puts nothing between you and your board, a molded toe cavity for added comfort, liquid rubber dipped neoprene for warmth in cold water, and a perforated neoprene outsole to allow for optimal water flow, regulating temperature and preventing water buildup.
